PRESIDENTS PAPER COMPETITION FOR UNDERGRADUATE STUDENTS

The North Central Sociological Association is pleased to announce its annual paper competition for all undergraduate students. The President's Award competition is open to all undergraduate students studying at 2-year and 4-year colleges, universities, or community colleges.

AWARDS

- Up to three awards will be given.
- Division winners will receive a certificate in recognition of their award.
- Undergraduate division winners will receive a cash award of \$100 from the NCSA at the annual meeting.
- Co-authored or multiple authored winners will share the specified monetary award.
- All award winners will be honored at a special time during the annual meeting of the NCSA.

COMPETITION RULES

- **The maximum length of a paper is 6,000 words** (approximately 18-20 pages). An abstract of no more than 100 words must also be included. The word count excludes the abstract, tables, figures, references, and appendices. Papers exceeding the word count will be disqualified from competition.
- The title page must include the author's name, institutional affiliation, divisional status (graduate or undergraduate), email address, and the name, address, and telephone number of the student's advisor/mentor. After the title page, no additional pages of the paper should include the author's name, advisor's name, or any school affiliation. Pages should be numbered.
- Students are encouraged follow American Sociological Association (ASA) formatting and citation styles.
- **PLEASE BE AWARE THAT** only papers written by author(s) currently enrolled as undergraduate students or those who completed their undergraduate degree in December 2023 are eligible for consideration. Papers with multiple authors will be considered provided that all authors meet these criteria.
- Applicants must submit a Word document. The submitting author may be contacted via email to provide an additional copy that can be edited, or for questions.
- The Word document should be named following this example:
Jennifer Smith, an undergraduate student, from Big State University → **JSmith_BSU_UG**
- To be considered for competition, all research papers must be made via the online submission portal at <https://www.ncsanet.org/students/presidents-competition/>.
- As a security feature for submitting to the competition, you will need to 'sign in' to the submission form. You will be able to use any email address and the password of your choosing. As this is a Google form, if you have a Gmail or Google account – use that email address for ease of use. However, you DO NOT need to have a Gmail account. Creating a simple Google account is as easy as using the email address of your choice and creating a password. We suggest you create the account using an email address you check often so you will be able to respond to requests for additional information and/or receive notifications regarding your submission. If you have questions regarding creating an account, contact Joyce Lucke, NCSA

Conference Coordinator, at ncsa@paragonme.net.

- Undergraduates are encouraged but it is not mandatory to submit a presentation version of their competition submission on the regular conference program. Students who wish to present their papers may do so at <https://www.ncsanet.org/annual-meeting/2024mtg/ugconference/> . Presentations will be incorporated into an undergraduate session.

JUDGING

A panel of judges will blind review papers. The judges will employ conventional scholarly criteria -- including thesis development, theoretical application, methodological application, discussion/findings, and mechanics (e.g., grammar, spelling, consistent formatting/citation style, etc.) -- in their deliberations. The awards committee reserves the right not to award any or all prizes in a division should papers not be of sufficient quality or of sufficient number.

Please submit full papers no later than January 5, 2024
